

A hub for materials research

Outstanding services for **SMEs**  
at **Advanced Research Infrastructures**  
to turn challenges  
in **Circular Economy** into solutions

The 2<sup>nd</sup> Call for Small and Medium-sized enterprises (SMEs) proposals of the ReMade@ARI project is open.

A great opportunity for SMEs conducting circular economy research to benefit from:

- **easy and coordinated access** to more than 50 European analytical research infrastructures with **full support** (experiment preparation support, instrument time and complete data analysis).
- **fast** proposal processing: thanks to our continuous submission process, SMEs can submit a proposal any time.
- **confidential results**: no publishing requirements.

**Call deadline: 16 December 2024**

*Applicants can submit a proposal at any time between now and then [via our ARIA portal](#)*
